# Day 14 Project Planning

Nov. 3, 2020

## Administrative

# A few changes

- Homework 4 is due Fri Nov 13
- **Homework 5** will be due the week of Nov 30th (after Thanksgiving)
- Final Project will be due during finals week
- · There will be no final exam.

### Course material

- In lieu or more material, we are likely to reserve the last few class periods for project work time.
- The idea is to reduce the stress of working on a final project remotely and reserve inclass time to make progess and ask questions of instructors.

# **Projects**

- Today, we will construct ideas for group projects (you started the with the pre-class).
- We will also try to characterize what makes a good project.
- Later this week, you will get a survey asking you to rank your project interests
- You will work in groups based on those interests

#### Some Details

- The project consists of a notebook where you analyze or model something original
- You will prepare a 4-5 minute video presenting the project
- You will be asked to provide feedback on 3 other projects

#### **Grading details coming soon**
